

CLAUSE H-5 – AS-BUILT DRAWINGS (August 2002)

The Subcontractor shall maintain a set of contract drawings marked concurrently with construction progress to reflect the work as placed. A yellow check mark shall be used to indicate that construction conforms to the contract drawings. Deletions shall be shown in blue. As-built changes shall be shown in red. Locations of underground utilities shall be dimensioned. One (1) set of as-built blue line drawings indicating the affected work shall be furnished to the Subcontracting Officer prior to final acceptance of that part of the work.
